## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Embree et al (6277164).

Embree et al discloses the claimed invention as recited in claims 1-22. Embree et al disclose an appliance having a main body (125A) with surface treating head (111), rotatable members (90b and the other wheel), linkage (30), A central support assembly or shell (123b&232), fluid inlets and outlets (30), inlet and outlet ducts (240), a means of separating matter (80 or filter), and a motor (250).

### ***Response to Arguments***

1. **Applicant's arguments filed 9/23/08 have been fully considered but they are not persuasive.**

- a. The language is broad and the prior art reads on the claims. a pair read on one or more wheels. The surface head and main body as stated in the claim read on the prior art. Applicant has amended the claims but not read over the prior art.

At present the prior art reads on the claims as claimed; therefore, the rejections stand.

***Conclusion***

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
